

October 14, 2026

Members of the 38 Signal Regiment Association,

As we look ahead to the next chapter of the 38 Signal Regiment Association, I wanted to share an important update regarding the Association Executive.

Following our upcoming Annual General Meeting, both the Vice-President and I will be stepping down from our respective positions on the Executive. It has been a tremendous honour to serve as the first President of the 38 Signal Regiment Association. Building the Association from the ground up and establishing a foundation for our members and the Regiment has been a rewarding experience. I am grateful to everyone who has supported the Association, participated in our events, and helped us build the sense of connection and camaraderie that is at the heart of this Association.

Our Annual General Meeting will be held on November 23, 2026. Further details regarding the AGM will be provided separately.

With the transition in leadership, we are now looking for members who are willing to step forward and serve as the next President and Vice-President of the Association. This is an opportunity to bring fresh ideas, new energy, and enthusiasm to the Association as we continue to build on the foundation that has been established.

The duties and responsibilities of these positions are outlined in the Association [by-laws](#).

I also want to highlight one point regarding eligibility for the position of President. Our by-laws state that the President must have previously served on the Association Executive. As this is a relatively new Association, and very few members have had the opportunity to serve on the Executive, the current Executive has agreed to waive this requirement for this nomination cycle. This will allow a broader range of members to step forward and be considered for the position.

If you are interested in serving, or would like to nominate another member, please use the [nomination form](#) on the website or send a note to admin@38signalregiment.org

I would strongly encourage members to consider putting their names forward. Associations such as ours remain strong because members are

willing to put their hand up, take on responsibility, and contribute to something larger than themselves. There is a great deal of opportunity ahead for the 38 Signal Regiment Association, and I believe the next Executive can bring new ideas and renewed energy to that work.

It has been my privilege to serve as your President. I am proud of what we have accomplished together, and I look forward to seeing the great things the Association will continue to accomplish in support of our members and the Regiment.

Regards,

Jackie Janzen

President

38 Signal Regiment Association
